

Vote NO on loosening regulations on media ownership! The market is already stifled due to lack of easy access to airwaves for independent broadcasters. This appears to be a CLEAR example of the government giving to the rich to stuff its own pockets and do favors for wealthy friends! Don't let all of our media be controlled by the same 6 companies! And that's what'll happen if you let them buy more control. There is limited broadcast space. Don't let a few giants control it. Vote NO!
